**Epoxy Technology Inc. Announces a Distributor Change for Switzerland
John P. Kummer AG to Represent EPO-TEK® Adhesives**

(Billerica, MA) – July 29, 2013- Epoxy Technology Inc, a leading manufacturer of high performance adhesives for 47 years, introduces a new, authorized distributor for Switzerland, Russia, Liechtenstein, Ukraine, and Belarus – John P. Kummer, AG. Starting August 12th, all inquiries and orders for EPO-TEK® products or services in Switzerland can be directed to John P Kummer AG at: *info@jpkummer.ch, Tel: +41 748 10 80, Fax: +41 748 10 89.*

We are pleased to also announce that Ms. Esther Schlatter will transition as of September 1st from Polyscience AG, our former Swiss distributor, to John P Kummer AG as the new CEO. With over 25 years of experience in the specialty adhesive field, Ms. Schlatter brings extensive skills and training to her position and is an important resource for customers, especially those with demanding applications.

The John P Kummer family of companies, representing EPO-TEK® products in Europe include: John P Kummer Ltd, covering Great Britain/ Ireland, John P Kummer GmbH, covering Germany, Austria and Eastern Europe, and now John P Kummer AG, covering Switzerland.

EPO-TEK values our customers in Switzerland and we are happy to add John P. Kummer AG to our European distributor network. We encourage you to work directly through them for your specialty adhesive needs.

For more information on Epoxy Technology products including our authorized distributors, please visit our website at: www.EPOTEK.com or contact us directly at +1 978-667-3805.
